Refreshment Breaks

A moment of indulgence between sessions.

Between meetings, the refreshment breaks at Domaine d'Auriac offer a genuine moment of conviviality and pleasure.

Served in the salons, directly in the meeting room or on the terrace depending on the season, they adapt to every working rhythm, bringing balance and ease to the day.

Whether a freshly ground welcome coffee, a delicately brewed tea or an artisanal fruit juice, each break is crafted to combine enjoyment with focus. In its indulgent version, it includes pastries, biscuits, fresh fruit and homemade mignardises.

These suspended moments, conducive to informal exchange and quiet restoration, restore energy and inspiration in an atmosphere of calm elegance, true to the spirit of the Domaine.

Our Responsible Commitments

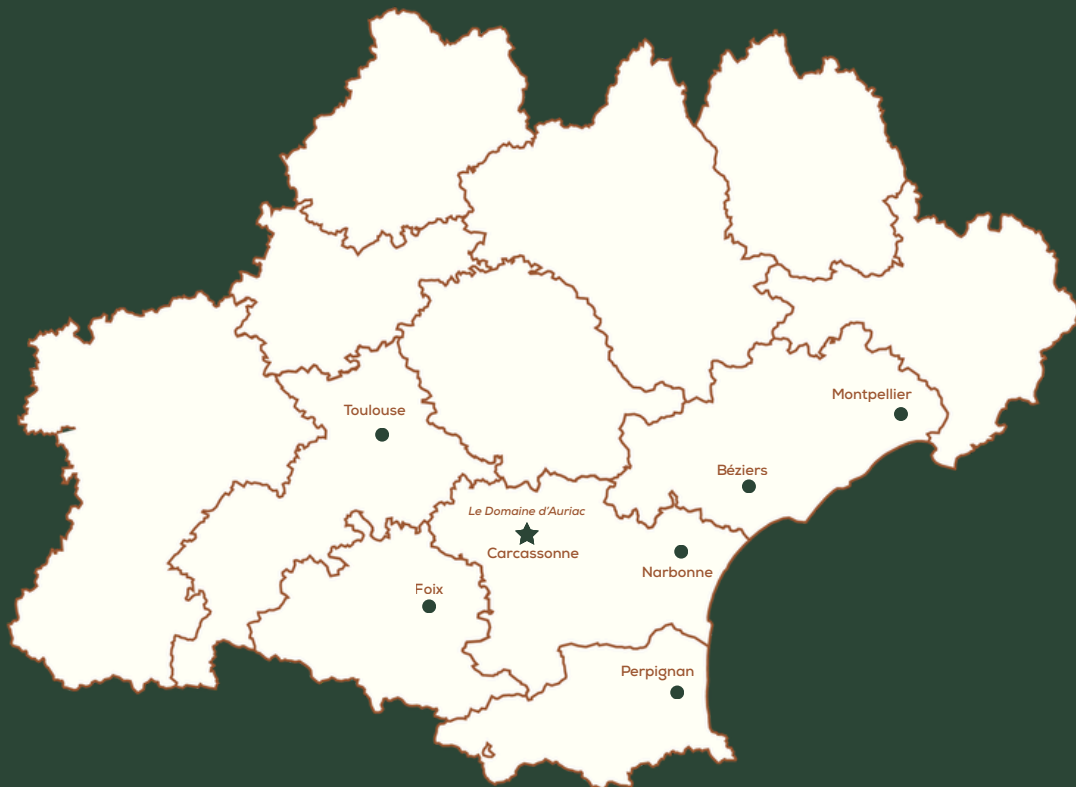

Preserving what matters, passing on what endures.

At Domaine d'Auriac – Relais & Châteaux, we welcome companies in an environment where every gesture reflects a sincere commitment to nature and the heritage of the estate. Set within fifty hectares of grounds maintained without pesticides, the Domaine preserves biodiversity by favouring local species and allowing the surrounding wildlife to thrive. The beehives installed at the heart of the park are a testament to this natural harmony, their honey finding its way into the culinary creations of the house.

Our responsible approach extends into the day-to-day running of seminars. Single-use plastics are reduced, water consumption is managed through on-request linen changes, and electric vehicle charging points encourage greener travel. Waste is handled with care: systematic sorting, reduced volumes and the recovery of recyclable materials across both kitchen and housekeeping.

Hosting sustainably is, for us, a matter of course. Your teams work and rest in a calm, authentic and considerate setting, where the Relais & Châteaux art de vivre goes hand in hand with a shared responsibility towards the land, nature and the seasons.
